

FROM THE PRINCIPAL

Dear Parents and Community Members,

An excellent education requires a strong partnership between parents and staff working towards one goal: student achievement. MITCH Charter School, a K-8 school, teaches the rigorous, sequentially structured Core Knowledge curriculum and our students' academic achievement scores are in the top 10% of schools in the state.

2012-13 Academic Highlights:

84.5% met/exceeded state standards for reading
83.2% met/exceeded state standards for math

MITCH Charter School received an Overall State Rating of average for 2012-13. Although a greater portion of our students meet or

exceed the state standards, the diversity of our modest student population and school readiness activities have been limited. We've chosen to address these issues by encouraging an increase in applications among underserved groups for the annual lottery, by implementing instructional teams to improve individual student learning objectives/outcomes, and by providing more support for student well-being.

Our continued partnership with you will ensure an excellent education is available to all of our students.

Thank you,

Principal | Melissa S. Meyer, Director
