

# Hybrid Family To Do List

Please find time to read through this information and complete the following items before your student returns to school for in person learning.

- ❑ **Practice wearing a mask** for long periods of time. They will be wearing their mask for 5.5 hours. Besides lunch, they will wear their mask throughout all parts of the school day. Also, pack an **extra mask** in their backpack.
- ❑ **Adjust your students' daily schedule** to prepare their bodies and brains to a more structured routine. For example, practice waking up and getting ready for the day earlier. As possible, shift students' meal times to match their daily schedule (ie. breakfast before 7:30, lunch at 12:00, and limit snacking in between).
- ❑ **Prepare your students' technology.** Students grades 1-5 will be responsible for transporting their (fully charged) Chromebooks to and from school each day. These are some ways to make sure students are prepared for this.
  - Do a battery test on your device. To do this, fully charge the device before a day of CDL. If the device cannot make it through a full day of learning without needing a charge, please email Heather W. in the office to troubleshoot.
- ❑ **Pack a water bottle.** Water fountains are not available. It is extremely important that your students' water bottle doesn't leak in their backpack. Please put it inside a Ziploc bag or in a separate bag than your Chromebook.
- ❑ **Pack a lunch that your child can navigate themselves.** It is important to limit the contact of teachers and students. Therefore, we must have students be able to open their own items they bring to lunch.
- ❑ **Dress your child warm and pack extra layers of clothing.** In order to keep the air flow to meet the requirements, we must keep fresh air in the building. That means it is colder than normal.
- ❑ **Help your child prepare the supplies needed to bring to school.** Each list will be different for grade levels. Please contact their teacher if you have any questions.

Please reach out to me if you have any questions or concerns
